July 2026 Project Addendum

Temporary approvals for the clinical power outage window

Addendum ID	WPR-ADD-2026-07
Effective period	July 1-31, 2026 only
Authorized event	Clinical power outage preparation and testing
Expiration	Automatically expires August 1, 2026

1. Electrician overtime approval

Up to 24 electrician hours may be billed at 1.5 times the Amendment 01 electrician rate for work performed during the approved outage window. The resulting approved rate is $207.00 per hour. Hours above 24 require a separate written authorization.

2. Power-quality testing

A fixed charge of $1,248.00 for power-quality testing and report preparation is approved for Apex Electrical Services, provided its invoice is included in the July package.

3. Outage coordination meal

The July 25, 2026 outage coordination meal is pre-approved for the clinical power outage coordination meeting, provided an itemized receipt and business-purpose notation are included. Beer, wine, and all other alcohol remain nonreimbursable and must be evaluated separately from the otherwise eligible meal.

4. No other changes

This Addendum does not change straight-time labor rates, the small-tools percentage, equipment caps, receipt requirements, alcohol prohibition, or invoice-register reconciliation requirements.

5. Approvals

Owner	Morgan Ellery - June 27, 2026
Construction manager	Dana Cho - June 27, 2026
Contractor	Rafael Dunn - June 28, 2026
