1. Governing document order

Apply the documents below from highest to lowest priority. A later, more specific document overrides an earlier document only for the subject it expressly addresses. Unmodified provisions remain in force.

Priority	Document	Effective period	Purpose
1	July 2026 Project Addendum	Jul 1-31, 2026	Temporary overtime and testing approvals
2	Amendment 03	Jul 1, 2026 onward	Evidence and cost-eligibility rules
3	Amendment 02	May 1, 2026 onward	Equipment rate schedule
4	Amendment 01	Mar 1, 2026 onward	Labor rate schedule
5	Revised and Restated Agreement	Jan 1, 2026 onward	Current base commercial terms
6	Master Construction Services Agreement	Jan 1-Dec 31, 2025	Historical baseline and surviving definitions

3. Interpretation safeguards

- Use the invoice service period, not the invoice creation date, to determine applicable rates.
- Do not apply the original master-contract rate when a later amendment expressly replaces it.
- A missing document is an unsupported-cost exception, not proof that the underlying work did not occur.
- A register mismatch is a reconciliation exception and must not be double-counted as a contract deduction.
