FICTIONAL DEMO DATA - NOT A REAL INVOICE, RECEIPT, CONTRACT, OR HEALTH SYSTEM

Demo Guide and Expected Findings

Facilitator reference - keep separate from the agent input library

Scenario	July 2026 contract-based invoice review
Primary invoice	NBG-0726-01
Invoice total	$63,024.90
Register total	$62,874.90
Target workflow	Intake -> automated review -> pre-pencil -> evidence response -> final disposition

1. Demo narrative

Northbridge submitted a monthly construction package containing direct labor, allowances, equipment, materials, a meal, and two subcontractor invoices. The reviewer must apply the effective July contract stack, validate supporting evidence, reconcile the invoice to the register, and prepare an initial exception log.

2. Expected initial findings

Finding	Claimed	Allowed / issue	Potential impact	Governing evidence
Carpenter rate	$20,800.00	160 hr x $115 = $18,400.00	$2,400.00	Amendment 01, Exhibit A
Small-tools cap	$1,702.40	3% x $34,048 submitted eligible craft labor = $1,021.44	$680.96	Revised Agreement 5.1
Scissor-lift rate	$4,250.00	10 days x $375 = $3,750.00	$500.00	Amendment 02, Exhibit B
PPE support	$915.00	Itemized receipt missing	$915.00 pending support	Amendment 03, 2.2
Alcohol	$68.50	Never reimbursable	$68.50	Revised Agreement 6.4; Amendment 03
Register tie-out	$63,024.90 invoice	$62,874.90 register; $150 difference	Reconciliation exception only	Amendment 03, 4

3. Expected compliant examples

- Electrician direct labor: 96 hours at the approved $138 straight-time rate.
- Apex electrician overtime: exactly 24 hours at the approved $207 rate under the July Addendum.
- Apex testing charge: approved fixed amount of $1,248 under the July Addendum.
- Generator and boom-lift rates: match Amendment 02 caps.
- Materials receipts MBS-44192 and SIS-6107 satisfy the itemization requirement.

4. Illustrative disposition

Potential adjustment	$4,564.46
Illustrative amount after initial findings	$58,460.44
Register difference	$150.00 requires correction but is not an additional deduction
Human decision	PPE may be reinstated if an acceptable receipt is supplied

5. Suggested 8-minute demo flow

Minute	Screen / action	Story point
0-1	Create case and show contract library	Versioned context and precedence
1-3	Run extraction and validation	Documents become a canonical charge set
3-5	Review cited findings	Explainable exceptions with dollar impact
5-6	Manager comments on PPE and register	Pre-pencil collaboration
6-7	Simulate receipt upload / corrected register	Targeted re-review, not full restart
7-8	Show final disposition and audit trail	Faster review with human accountability
